

## **KDHE Seeks Public Comments on Proposed Environmental Cleanup at Yaggy Station Site – near Hutchinson, Kansas**

The Kansas Department of Health and Environment (KDHE) is asking for public comments regarding a proposal to address environmental contamination at the Yaggy Station Site located at 4817 North Dean Road near Hutchinson, Kansas.

A draft Corrective Action Decision Statement (CAD) document that outlines a proposal for cleanup is available for public review at 1000 SW Jackson in Topeka, Kansas and the Hutchinson Public Library at 901 North Main in Hutchinson, Kansas.

Public comments can be submitted in writing to: Rick Bean, KDHE Bureau of Water – Geology and Well Technology Section, 1000 SW Jackson St, Suite 420, Topeka, KS 66612-1367. Comments will be accepted between February 1, 2015 and March 2, 2015.

**Susan Mosier, MD, Acting Secretary  
Department of Health and Environment**
